

# St Ninian's Isle Treasure Hunt

Now let's  
have some  
fun!

Take 8 small squares of paper. On one side draw one of the objects in the list below. On the back write the point for that object. Repeat until you have done all 8 items.

Points	Object
50	Treasure chest
25	Mystery cone
30	Brooch
5	Porpoise Jawbone

Points	Object
40	Hanging bowl
35	Bowl
45	Spoon
15	Piece of weapon

store your drawings in your treasure chest until you are ready to play. Get an adult to hide all your drawings. See how many you can find. Add up your points at the end!

**BONUS!**  
That's your maths for today done too!

Even more fun with more than one hunter but can be done solo!
