MORE INFO

Tending the Light Festival Launch followed by Home and Belonging Exhibition Opening - Auditorium and Da Gadderie, Shetland Museum

Kicking off the third Festival of Care, Tending the Light, join #SHETLANDCREW and special guests at the Shetland Museum for a celebratory launch of a Festival full of extraordinary activity on Shetland and beyond.

This will be followed by the opening of the ground breaking Home and Belonging exhibition. The exhibition brings you wide-ranging and powerful perspectives on what it is to belong, from the #SHETLANDCREW of Care Experienced leaders on Shetland. They have worked alongside nationally renowned artists as part of a unique three-year exploration that both challenges and inspires. The Home and Belonging exhibition will be open to the public until the end of March

Minecraft Lerwick - Learning room, Shetland Museum

As part of the Tending the Light, the Festival of Care 2022, join us for a special session in the heart of our unique Minecraft map of Lerwick, an interactive space created by #SHETLANDCREW and Minecraft Artist Adam Clarke.

Young people, professionals and carers are invited to come together to explore and shape Lerwick in a very different way. There will be opportunities to build your very own beacons, and more, within the map. You will discover and shape new and magical perspectives on the town.

Come as 2 or 3 participants – perhaps a young person, carer and professional. You only need to book one spot for a small group.

MORE INFO

Safe With Me, Performance – Da Gadderie, Shetland Museum

Safe With Me brings you live performances of extraordinary power. Safe With Me has brought together the #SHETLANDCREW of Shetland's Care Experienced young leaders and their chosen "corporate parents". In pairs, they embarked on a highly unusual process of growing openness, care and trust. Supported by theatre director Tony McBride, each comes to tell the other's story of an object of real importance to their own sense of home and belonging.

Take a Walk in My Shoes, Book Workshop and Launch - Da Gadderie and Auditorium, Shetland Museum

This extraordinary book is about what it is to be a person of any age who has experienced the care system. From the #SHETLANDCREW of Care Experienced leaders, working alongside poet Jen Hadfield, there are stories about identity, there are stories about love. There are stories of how we survive and how we thrive. There are stories of belonging, of self-belief, of the shining stars we all are. There are stories of who we are to each other.

'We hope our book might be an eye-opener – something that helps you understand what it's like to be Care Experienced. Maybe it can be a lighthouse – to help you navigate your own journey – whoever you are and whatever your life is like'

The workshop and launch will allow you a special opportunity to explore the themes within Take a Walk in My Shoes, alongside the #SHETLANDCREW and Jen Hadfield.
